I returned to college in 2012 and obtained a bachelor's degree in computer science from the University of Applied Sciences and Technology in Tehran.

Research Certificate – London International Conference (2016)

I have certified for an e-learning article titled “Structure of Araz Learning Management System” from 5th International Conference On Research in Science and Technology (London – United Kingdom)

CAREER HISTORY

Web Developer – SinaMedia (2006 – 2009)

SinaMedia was one of the first companies to work on E-Learning Projects. I was in developer team first and get promoted to project manager in this company.

- Change the company's projects from ASP 3.0 Classic to ASP.Net
- Development of Iran's first LMS (Learning Management System) by ASP.Net
- Upgrade company's sales up to 70% after I developed ASP.Net version of LMS
- Upgrade from Developer to Project Manager
- Achieve the rank of the best educational software in Iran in 2007

Project Leader – Mahan Business School (2009 – 2010)

Mahan Business School is a non-profit college that offers business courses like MBA, DBA, E-Learning, International Courses, Sales, Strategy, Business, Business Coach, Leadership, Finance, HRM, Coaching, Marketing, Digital Marketing, and Branding.

I worked in Mahan for 1 year as an E-Learning Project Leader.

- I launched all the needed platforms for E-Learning solutions (LMS, Virtual Class, Online Exams)
- I was the leader of Online Content Developer Team
- I received an Honorary Certificate from the Mahan School

ASP.Net Developer – University of Applied Science and Technology (2010 – 2012)

I developed two web application in University of Applied Science and Technology as a senior ASP.Net Developer.

Curriculum Manager Web Application, this project was a web application for Curriculum Unit. They using this application to create, edit, manage and archive the curriculum of all courses taught in university.

SAFAT Project, a great national project. This was a web application for users they want to establish an Institute of Higher Education, they had to register in the system and apply the request to establish the academy.
